Château Virant is named after the ancient rock château built into the nearby mountain side, locally known as the “Virant rock.” Originally named for the Etruscan-era God Wirant, this château dating from the 7th century BC was a place of wine trade, a tradition which continues today, along with the production of award-winning olive oil in the château's two olive mills.

Extra virgin olive oil, 100% Aix-en-Provence A.O.P. · 50cl (16.9 fl oz) · Pack 12 · \$26.60 · VIOL

Since 1996, this oil has won gold in national and international competitions. It is harvested exclusively in the orchards in Provence and pressed in the mill at the heart of the Château Virant estate. To produce this oil, olives are harvested early in the season. The resulting oil is pale green in color with golden reflections. The dominant aromas are fresh grass, foliage, green apple, and almond on the nose and palate. The structure is complex, smooth, and balanced. Its slight bitterness contributes to its overall complexity.

Chevaliers d'Argouges is a family company created in 1991 by the descendants of five generations of master chocolatiers. Created next to a castle defended by knights ("chevaliers") from the brotherhood "Argouges," the name of the company came as a matter of course. Located halfway between Mont St Michel and the landing beaches of Normandy, the chocolates are handcrafted, combining authentic recipes with innovation, and made with certified 100% pure cocoa butter and boast a high cocoa percentage.

The bergamot, a small yellow citrus fruit, is inedible raw, but its rind yields an essential oil much used in perfumery and confectionery. In 1850, at the suggestion of a perfumer, a candy-maker in Nancy succeeded in marrying the essence of bergamot with sugar, and the bergamot of Nancy was born. The translucent amber candy was awarded an AOP (Appellation d'Origine Protégé) in recognition of its special place in French confectionery. The lid of the tin features a picture of Nancy's beautiful Place Stanislas.

This family business was founded in 1896. It specializes in the production of the most exquisite candied chestnuts, along with chestnuts in syrup, chestnut cream and candied fruit peel. Selection of ingredients is stringent: all chestnuts are of controlled origin, from Turin or Naples. Other ingredients are of the highest quality as well: sugar, MGO-free wheat glucose, and genuine Bourbon-Madagascar vanilla beans. True to the ancestral recipe, the candied and syrup chestnuts are processed in tulle muslin. In this process the raw chestnuts are wrapped in pairs in muslin. This keeps the fruit whole and prevents excessive absorption of sugar to preserve flavor.

13 desserts of Christmas, gift box · 800g (1.8 lb) · Pack 5 · \$80.00 · LP13DEBO

A beloved Provençal tradition, the 13 desserts of Christmas are served after the "gros souper" (large supper) and Midnight Mass. The 13 treats vary by family and region, but often include walnuts or hazelnuts, dried figs, almonds, raisins, white and dark nougat, pompe à l'huile (an olive oil brioche), dates, calissons d'Aix, and candied fruits. Each of these elements has its own symbolism (for example, the white and dark nougat represent good and evil). This gorgeous gift box from Parli brings the treats together in a superb presentation

This colorful Advent calendar offers the best of the house of Parli: mini-calissons, flavored calissons, pates de fruit, white nougat, and nougat with fruits.

According to company legend, in 1886 in Quimper, Marie-Catherine Cornic made the delicious mistake of leaving a crêpe on her "billig" (griddle) for too long. Rather than throwing it away, she chose to fold it into eight layers by rolling it up and the beloved crêpe dentelle was born. Today, the unique, crispy, and light crêpe dentelle is available covered in dark or milk chocolate.

Maison Peltier was founded in 1946 by the Peltier family, beekeepers from father to son. It was Yves Peltier who, after receiving numerous awards for the quality of his harvests, developed the artisanal production of gingerbread from carefully selected ingredients (French flour, French butter, French eggs). The success of gingerbread, resulting from unparalleled know-how, naturally led him to the creation of a range of biscuits and honey products, without coloring or preservatives, which are presented in a range of tins.

Muroise is a producer of artisanal jams situated at Vallet, not far from Nantes. A true savoir-faire, the true taste of "home made" are its motto. Fruits are chosen with care (quality, variety, source), then pitted peeled and zested by hand. Raw cane sugar is used, sparingly, to produce recipes that are gently cooked in a big brass cauldron before being potted by hand, which guarantees wonderful chunks or even whole pieces of fruit.
